

Dear Parents and Carers,

Friday 6th November

On Friday 13th November we will be supporting Children in Need's campaign which this year is called "Five to Thrive" It focuses on children's mental health.

Unfortunately, we are not able to accept monetary donations into school to support this campaign but we are still keen to do some of the work and learning around the campaign.

On Friday, your child may come to school in clothes which make them feel good! Perhaps clothes that make them feel active or cosy clothes that make them feel warm and safe. We will be discussing why the children have chosen their particular clothes that day.

Thank you for your support,

Mrs Carver
