## Two Rivers CofE Primary School

Friday 25th March 2022

0117 916 1027

### Our School Values

**Kindness**

**Respect**

**Courage**

Dear Parents and Carers,

Thank you for being so understanding during a tricky fortnight at Two Rivers. I was absent from school but I am now back to full health but Mrs Batchelor is unwell at the moment. This means that we have not been as easily contacted via the office. However, I wanted to extend my thanks to the admin staff at both Chandag Infant and Junior schools as they have been hugely helpful and supportive during this time, taking calls and helping with children's lunch choices. Thank you also to parents for your kind words and wishes.

With that aside, Spring has sprung and it has been so lovely to be outside more and enjoy the sunshine. Long may it continue.

### Thrive Information for parents

Thrive is an approach that helps create an environment that values children's mental health. It is underpinned by neuroscience , attachment theory and child development, which supports adults, working with children, respond to a wide range of behaviours. It provides an online profiling tool along with action planning software. Miss Fitzgerald is a licensed Thrive practitioner and has professional development each year to deepen her understanding of the Thrive Approach. At Two Rivers we are proud that all staff naturally implement Thrive in our daily practice using the acronym of PLACE. We are playful, loving, accepting, curious and empathetic towards children and their behaviour. As well as being embedded into our practice , we can run Thrive as individual and group sessions to help children needing additional support. In these sessions you can expect your child to take part in arts, crafts, puppet play, turn taking games, as well as a wide range of play based activities.

You can find more information at [thriveapproach.com](http://thriveapproach.com) or ask for an appointment with Miss Fitzgerald who will happily give you more information.

### Church visit—Easter

Once again we are all looking forward to our Easter workshops at St Johns Church on **Thursday 31st March**. You will need to complete the consent form giving permission for your child to attend. If you haven't already returned the reply slip, please do so by Monday. If you would like to help, please let your child's teacher know.

### Parents Evening

It was lovely to be able to see parents in school this week for parents evening. Thank you for being such a positive and supportive parental body—we all make such a good team. If you were unable to make your appointment time and contacted the school to let us know, we can make an appointment to see you another day.

### Warmer weather

I hope I don't speak too soon in saying that as the weather gets warmer, please ensure that your child is dressed for the weather and have their water bottle in school every day filled with water only. Children may wish to bring a named cap into school as sun protection and sun cream as the weather gets even better.

### Morning snack

We still have lots of children coming to school without a morning fruit snack. Children need to bring a fruit snack from home each day. Free fruit is only provided in the afternoon. The only day your child does not need to bring in fruit, is on a Tuesday, when we all enjoy a slice of toast in the morning!

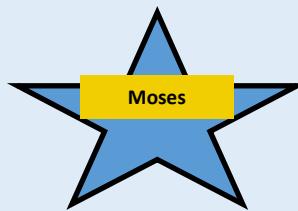

## Red Nose day!

Last week, the children enjoyed coming to school dressed in red for comic relief and had a great day in school!
