1. Aims

The aims of relationship and sex education (RSE) within the Futura Learning Partnership (the trust) are to:

- Provide a framework in which sensitive discussions can take place
- Prepare pupils/students for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Help pupils/students develop feelings of self-respect, confidence and empathy
- Create a positive culture around issues of sexuality and relationships
- Teach pupils/students the correct vocabulary to describe themselves and their bodies

2. Statutory requirements

As a primary academy school we must provide relationships education to all pupils as per section 34 of the Children and Social work act 2017.

We do not have to follow the National Curriculum but we are expected to offer all pupils a curriculum that is similar to the National Curriculum including requirements to teach science which would include the elements of sex education contained in the science curriculum.

In teaching RSE, we are required by our funding agreements to have regard to <u>guidance</u> issued by the secretary of state as outlined in section 403 of the <u>Education Act 1996</u>.

At Two Rivers C of E Primary School we teach RSE as set out in this policy.

3. Policy development

This policy has been developed in consultation with staff, pupils/students and parents/carers. The consultation and policy development process involved the following steps:

- 1. Futura Learning Partnership Policy The trust Executive Leader for Safeguarding and a trust primary RSE specialist collated all relevant information including relevant national and local guidance. A template policy for all trust schools to adapt to the school context was then created.
- 2. Staff consultation all school staff were given the opportunity to look at the policy and make recommendations
- 3. Parent/stakeholder consultation parents and any interested parties were invited to give their views on the content of the policy
- 4. Pupil/student consultation we investigated what exactly pupils/students want from their RSE
- 5. Ratification once amendments were made, the policy was shared with governors.

4. Definition

RSE is about the emotional, social and cultural development of pupils/students, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

RSE involves a combination of sharing information, and exploring issues and values.

RSE is not about the promotion of sexual activity.

5. Curriculum

Our curriculum is set out as per Appendix A but we may need to adapt it as and when necessary.

We have developed the curriculum in consultation with parents, pupils and staff, taking into account the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and don't seek answers online.

Primary sex education will focus on:

- Preparing boys and girls for the changes that adolescence brings
- How a baby is conceived and born

For more information about our curriculum, see our curriculum map in Appendix A.

6. Delivery of RSE

RSE is taught within the personal, social, health and economic (PSHE) education curriculum. Biological aspects of RSE are taught within the science curriculum, and other aspects are included in religious education (RE).

Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- Families and people who care for me
- Caring friendships
- Respectful relationships
- Online relationships
- **B**eing safe

For more information about our RSE curriculum, see Appendices A and B.

These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

7. Roles and responsibilities

7.1 Governance

Approval of this policy is the responsibility of the trust Executive Leadership Team (MELT). The local governing bodies of each academy will hold the Headteacher to account for the implementation of this policy.

7.2 Headteacher

The Headteacher is responsible for ensuring that RSE is taught consistently across each academy, and for managing requests to withdraw pupils/students from non-statutory components of RSE (see section 7).

7.3 Staff

Staff are responsible for:

- Delivering RSE in a sensitive way
- Modelling positive attitudes to RSE
- Monitoring progress
- Responding to the needs of individual pupils/students
- Responding appropriately to pupil/students whose parents/carers wish them to be withdrawn from the non-statutory components of RSE

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the Headteacher.

7.4 Pupils/Students

Pupils/students are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

8. Parents/Carers' rights to withdraw

Parents do not have the right to withdraw their children from relationships education.

Parents have the right to withdraw their children from the non-statutory components of sex education within RSE.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the headteacher.

Alternative work will be given to pupils who are withdrawn from sex education.

9. Training

Staff are trained on the delivery of RSE as part of ongoing professional development.

The Headteacher will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

10. Monitoring arrangements

The delivery of RSE is monitored by Katie Pilkington, Assistant Headteacher through:

Pupils/students' development in RSE is monitored by class teachers as part of our internal assessment systems.
